NYE LUBRICANTS

At a Glance

190 employees

105,000 sq-ft complex

5MM lbs. production capacity

Nye Lubricants became a member of the FUCHS Group in January 2020. Located in Fairhaven, Massachusetts, USA, Nye Lubricants has enabled and improved breakthrough products and critical new technologies for more than 175 years. As formulator and manufacturer of specialty lubricants, Nye combines proven experience and deep technical knowledge to solve its customers' toughest engineering challenges. Nye's lubricants are based on a wide range of synthetic oils, that create a product portfolio of over 1,000 formulations. Some of the base oils we utilize include:

- Polyalphaolefins (PAO)
- Polyglycols (PAG)
- Synthetic Esters
- Perfluoropolyethers
- Silicones
- Multiply Alkylated Cyclopentanes (MAC)

Through an agreement with Shell Global Solutions, Nye is also the exclusive global distributor of Pennzane™-based multiplyalkylated cyclopentane lubricants.

FUCHS Lubricants

Innovative lubricants need experienced application engineers

Every lubricant change should be preceded by expert consultation on the application in question. Only then the best lubricant system can be selected. Experienced FUCHS engineers will be glad to advise on products for the application in question and also on our full range of lubricants.
